

Today's Honoree is Mathew Tully

Mat founded his law firm in his kitchen in 2004. He has built it to be a multi-million dollar firm in 3 states. In March he left it all behind to serve his country. Mat is a Lt. Col. in the NY Army National Guard and is currently in Afghanistan for 400 days. This is his 3rd tour since 2008.

His deep rooted passion for his country is unmatched by many but should be recognized by all. Mat also requires that the firm provide winter coats to homeless veterans every Christmas, turkeys for all veterans for every Thanksgiving.

Every month there is a charitable organization that is donated to. There is an unknown big heart behind that rough and tough exterior. It's pretty refreshing to see someone who puts human kind over the all mighty dollar.
