

## Drug Offenses

Just because you have been charged with a drug offense, does not mean you have to become a convicted felon. A drug crime can be a violation, misdemeanor, or felony, depending on the type and quantity of drug, and how it was packaged. **How We Can Help**

If you are facing state or federal drug charges, you need an experienced criminal defense team on your side. The lawyers at Tully Rinckey PLLC will make sure you are not being overcharged, that your due process rights are protected, and that you were not the victim of an unlawful search and seizure. We focus on minimizing the penalties you will face because a criminal record can negatively affect every aspect of your life, from employment prospects to child custody rights. Our attorneys know that you are innocent until proven guilty and we will help you every step of the way. You have the right to remain silent and the right to counsel. We have been down this road before and we know what to expect - anything you say can and will

be used against you. Call us today to schedule your FREE

initial consultation with a member of our experienced criminal defense team in Rochester, NY. We will help you the entire time – from the initial arrest until all defense options have been exhausted. We will take the time to understand your side of the story and protect you from unlawful searches and seizures and due process violations. We will fight for you while collecting evidence, examining and cross-examining witnesses, and finding holes in the prosecution's case. If every aspect of your charges cannot be proven, we will move to have the charges reduced or dismissed. If you are convicted, we will raise any extenuating circumstances that could help you avoid harsh penalties. If you have been arrested or are under investigation for a drug crime, call our criminal defense team for a FREE

initial consultation. You can contact a Tully Rinckey PLLC lawyer 24/7
