

Sexual Offenses

If you have been accused of committing a sex crime, it is a serious offense that can have long-lasting, detrimental effects on every aspect of your life. Your personal relationships, professional achievements, and standing in the community can be forever tarnished if you are found guilty. If convicted, you could be sentenced to probation, jail or even prison. You could also be forced to register as a sex offender, which will considerably restrict the places you can live and work. If you have been arrested for a sex crime, the prosecution will come after you aggressively. You need an experienced criminal defense team who will stand by your side and fight for your rights. **How We Can Help**
