## CONSULTATION ACKNOWLEDGMENT

I hereby acknowledge that the consultation that I had with an attorney of the Tully Rinckey law firm and the fact that I have paid a consultation fee does not serve to create an attorney-client relationship. I expect no further action of the attorney on my behalf until which time an attorney-client relationship has been formed. I further acknowledge that an attorney-client relationship can only be created upon signing a retainer agreement and paying the requested retainer fee, which I have not yet done.
