Dear Mr. Meyer:

This is in response to your letter dated 19 May 2017, on behalf of your client, Mr. [REDACTED], in which he requested a review of the decision to deny him a security clearance. On 27 April 2020, your client's case was presented to a senior security officer and, based on the new information provided relevant to the time the adverse determination was made, the original disapproval decision was overturned.

Your client is eligible to be submitted for a security clearance; however, eligibility does not mean access is automatically granted. Your client must have company and government sponsorship to be resubmitted, and the government may conduct additional security processing before making a new adjudicative decision.

Your client is not required to indicate on subsequent Standard Form (SF) 86 or Electronic Questionnaire for Investigations Processing (e-Qip) forms that his access was revoked; however, he may want to be prepared to address the situation during any future security processing.

Your client's appeal process is complete and his case is closed. This is the final correspondence you will receive from this office. If your client deems it appropriate, he may share this letter with his employer.

Sincerely,

James Elder
