Re: [REDACTED] [REDACTED] [REDACTED]

Dear Mr. Meyer:

This letter is in response to your 04 January 2016 request for a review of the denial of your client's requested access to classified information. A senior security official has reviewed your client's case and overturned the original security determination. Please note that this overturn does not constitute a security clearance approval. If your client is resubmitted for a position with this organization requiring access to classified information, further processing would be required.

Sincerely,

Connor S. Knowles
Senior Appeals Officer
